

Missouri Chapter American Fisheries Society

Minutes of Executive Committee Meeting

April 1, 1976

Attendance: Anderson, Dillard, Fry, Hicks, Kangas, Mayer, Michaelson, Turner

Discussion Items: Reservations at Columbia Inn from the last meeting seemed adequate from a location and economics viewpoint. Room that was used for the Smoker was barely adequate; might try for a larger room next year.

Mr. Sullivan was to send a set of membership cards and address labels. Items to be included in a spring Chapter Newsletter were discussed. The latest information on "affiliate" memberships was to be obtained by Mayer.

Ways to stimulate chapter membership were listed with the following ideas: change site of annual meeting, more newsletters, meetings in the field, data exchanges, feedback from mailers.

The 1972 program is missing from the files.

Hicks suggested a meeting for select commercial fish dealers with the Clean Water Commission and EPA to discuss effluent guidelines and collection methods.

Michaelson was to provide a supply of stamps and envelopes to Mayer and Dillard; locate and copy the Chapter Constitution, goals and objectives, past resolutions, and EIS reviews (files from 1975 reviews are not complete); continue correspondence with the Oregon Chapter to obtain a copy of their Administrative Handbook; send copies of "Diary" to Mayer and Kangas.

Another check was to be attempted in hopes of separating the office of Secretary/Treasurer of the Chapter.

Stan Michaelson
Secretary/Treasurer
